## SOUTH SUDAN CIVIL SOCIETY FORUM

---

June 19, 2018

Excellency, Gen. Salva Kiir Mayardit,  
President of the Republic of South Sudan.

And

Excellency, Dr. Riek Machar Teny,  
Chairman of the Sudan People's Liberation Movement – In Opposition (SPLM–IO).

Your Excellencies,

**Subject: The Citizens' Agenda for your Face-to-Face Meeting**

We, the members of South Sudan Civil Society Forum (SSCSF), present to you The Citizens' Agenda for the face-to-face meeting organized for you by the leadership of the Intergovernmental Authority on Development (IGAD). We applaud IGAD leadership for this timely initiative and urge you to seize it and reach genuine and sustainable peace.

The SSCSF is a coalition of over 200 diverse and independent civil society organizations representing civil society, women, youth, academia and faith-based institutions from government and opposition controlled areas, internally displaced persons camps, refugee settlements and the neighboring countries. We are united by our common interest for peace, unity and respect for human dignity in our country. We derive our mandate from the will of thousands of our fellow citizens whom we have been consulting and briefing on the progress of the High Level Revitalization Forum (HLRF) since its commencement in December 2017.

Your Excellencies, we applaud you for participating in this face-to-face meeting and bring to your attention the following Citizens' Agenda for this meeting:

- 1. The need for a peaceful and sustainable solution to end the suffering of the people:** The conflict in our country has inflicted immense and unbearable suffering on millions of innocent South Sudanese since December 2013. It continues to destroy our country. Citizens have been left desperate and hopeless about their own future and country. At the end of the Second Phase of the HLRF in May, South Sudanese were frustrated and disappointed that a final agreement was not reached. We therefore call on you to seize this opportunity to complement the efforts of your respective delegations, as well as those of other political and civic groups participating in the HLRF, by discussing, compromising and finalizing on all outstanding issues. A final and implementable peace agreement that is embraced without reservations or external imposition will be the best outcome of your meeting and for the people of South Sudan. Given the failure of the Agreement on the Resolution of the Conflict in the Republic of South Sudan (ARCSS), citizens will only have confidence and hope in the revitalized ARCSS if you own, popularize and implement it to bring peace, security and stability to the country.
  
- 2. Meaningful Reconciliation:** This civil war has divided South Sudanese along political lines and is rapidly fragmenting our communities into ethnic and regional enclaves. A continuation of this fragmentation will only shatter all hopes for a united, stable and peaceful South Sudan. At this critical moment where our nationhood and our collective future is at stake, we remind you of your moral and political obligations to meaningfully reconcile with each other as well as with all other political leaders in our country. This reconciliation will go a long way to reunite our people, heal psychological wounds of the conflict, and

restore harmony in our society. When South Africa faced a similar situation, President Nelson Rolihlahla Mandela and F.W. de Clerk reconciled to unite South Africans and save their country. Just last month, the world witnessed President Uhuru Muigai Kenyatta and Hon. Raila Amolo Odinga of Kenya publicly put their bitter political differences behind in the best interest of their citizens and country. This is your turn to do the same. We call on you to demonstrate leadership at this critical moment, rise to the occasion, reconcile and save our people and country from further destruction and shame. In so doing, you will save your legacy in the history of our country. We, the citizens, are watching!

- 3. A meeting with other opposition political leaders and civic groups:** We further call on you to agree to meet all other political leaders participating in the HLRF to advance reconciliation and consensus in the revitalized ARCSS, and its subsequent inclusive implementation.
- 4. Joint public events:** Your Excellencies, we urge you to hold joint public events starting with a joint press conference after your face-to-face meeting, joint press conference after meeting with leaders of the various political and civic groups at the HLRF, and embark on a series of confidence-building public rallies throughout South Sudan. These events will help build confidence in the leaders and the revitalized ARCSS, enhance reconciliation and create a conducive environment for the full implementation of the revitalized Agreement.
- 5. Assurance of a Non-Repetition of the July 2016 Incident:** Your Excellencies, we beseech you to assure South Sudanese that the July 2016 incident shall not be repeated. We implore you to prioritize non-violent means of resolving political disputes. Finally, we urge you to put the interests of South Sudanese citizens first before your own personal, parties' and political interests.

Your Excellencies, we trust that you will consider The Citizens' Agenda and truly make our country and people proud and hopeful again.

Sincerely,

The South Sudan Civil Society Forum
